About Commercial Sewing Patterns

A Brief Fact:

Commercial Sewing Patterns have been in use since the 1800's but reached their apex in popularity during WWII when people had to "make due and mend".

Where to begin

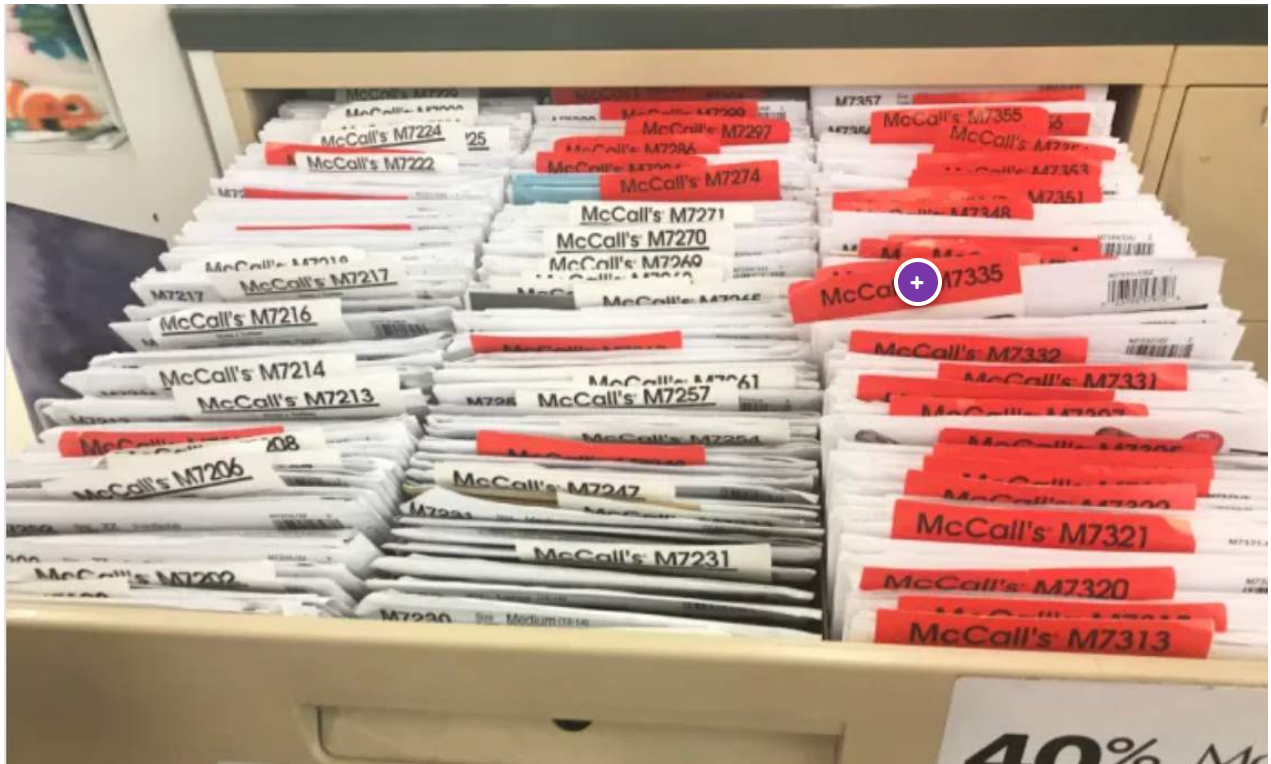

Knowing what you want to make is the first step that most of us do not need help with, but where to get it? You can visit popular websites such as [Simplicity.com](https://www.simplicity.com) or you can literally go to a fabric/craft store and look through a pattern catalogue the old-fashioned way and choose the style that you will soon make!
